

How do I add a player to your team on the league website?

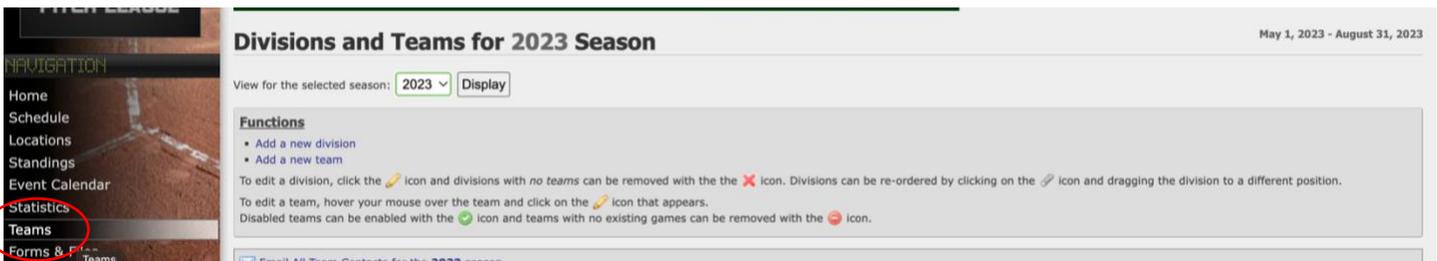

1. Make sure the person has an account as a user for the league.

Click "Sign Up!" in the top right corner of the screen.

Follow the necessary steps to create a user for the website.

2. Select the "Teams" option from the "Navigation" menu on the left hand side of the screen.

3. Select the respective team you want to be added to if you are the player -OR- If you are the manager you can search for all active users to the league site and add them that way.

For the player to request click the "here" button.

For the coach to add players themselves use the text search bar and select the player you want and then click "Add Player"

4. If a player asks to be added to the team the coach will see a yellow bar in the roster area and will need to approve the adding of the player

For the coach simply click the “Approve” button and the player will be added to the roster on the website.

The screenshot shows a web interface for a team named "The WMBs #1" in "Div B- 2023" for the "2023 Season" (May 1, 2023 - August 31, 2023). The interface includes a navigation menu on the left, a team profile section with contact information for Andrew Crossman, and a roster management area. The roster area features a search bar, an "Add Player" button, and a table of players. A yellow bar highlights a player, Andrew Crossman, with a message: "Andrew Crossman has requested to be added to your team". Below this message are two buttons: "Approve" (with a green checkmark icon) and "Deny" (with a red X icon). The "Approve" button is circled in red. The table below the message shows columns for No., Name, GP, AB, H, Avg, RBI, R, 1B, 2B, 3B, HR, and K. The text "Team Roster is Empty" is visible at the bottom of the roster area.
